2. 'Twas for us he left the grandeur
Of the heaven of heavens above:
Well might angels, still in wonder,
Celebrate his boundless love!
Hark, th' eternal worlds resounding
Loud with sweet seraphic strains;
Millions now the throne surrounding
Praise him on th' eternal plains.

3. Jesus now our hearts inspiring,
Tune our harps to melody:
With thy love our bosoms firing,
O unite us Lord to thee!
In the bright celestial regions,
When life's changing scenes are o'er,
May we with angelic legions
Praise thee on the heav'nly shore!

Emendations:
